

Instructions for Using AccessMedicine on a Mobile Device

1. To use AccessMedicine on your device, you must create a username and password.
2. From a computer, go to [AccessMedicine](#) and click on the “My AccessMedicine” link (top, right-hand corner of screen).
3. When the pop-up screen appears, follow the instructions to create your personal AccessMedicine account.
4. Next, using your mobile device’s browser, go to <http://m.accessmedicine.com>.
5. Login using your AccessMedicine personal account username and password.
